MR. EDITOR:-The roughness of the element which bears on its bosom our good and faithful

evening for the South, was one of the fairest daughters of the Old Dominion, accompanied by her mother wending their way to Alabama, to visit some kind relatives there residing. I said she was fair; ate, for

-she was like A dream of poetry, that may not be Written or told-exceeding beautiful."

But to describe personal charms is not my object. It is only to relate how my heroine, in one short day, met, loved, and wedded" her now liege lord.

The gentleman, now proudly sustaining the character of husband, saw his bride, for the first time, on the cars on Monday evening. He, attracted by all those nameless charms that lend enchantment to beauty, soon became enamored with the fair onc, while the same feeling became reciprocal on the opposite side; for it became apparent

"She loves-but knows not whom she loves. Nor what his race, nor whence he came ; Like one who meets, in Indian groves, Some beauteous bird without a name, Brought by the last ambrosial breeze From Isles in th' undiscovered seas."

The result was a proposal and an acceptance, with the consent of the mother, and this morning's sun witnessed the nuptials of Mr. J. S., of Charleston. formerly of Petersburg, Va., to Miss C. E. C., of Richmond, Va.

The bridal party are now en route for their destined home to spend the honey-moon. May their sorrows be as brief in duration as their courtship, is as follows: Yours, truly, J. T. F.

Their latest mishap, just on the eve of an attempt to increase the Tariff, and when a Committee of Inquiry is already in the discharge of its duties preparatory to a report early in the next session of Congress, is a large increase in the prices of iron; even beyond what was asked by our iron men a year ago, in the shape of protection. PEAS-Ground-Begin to come in pretty freely, and sell rom carts at \$1 to \$1 25 per bushel.

PORK-Northern-Has declined in price, with a good stock n market. See table. RICE-There is but little demand, and sales in small way at quotations.

supplied, but no change in prices. Cotton-We continue former quotations, but would remark occasional sales have been made above our marks. The late news from Europe, which shows an advance, has very little effect in this country, from the fact of the large increased receips over the corresponding date of last year. Flour—A better feeling observable in this article. Outs scarce and in demand.

NEW YORK, Oct. 30 .- Naval Stores .- There have been further sales of 1100 bbls.
